This month's match was an "All Steel" match. High scores were taken from the best of two runs. The diagram below shows the target layout. There were 4 bowling pins on the table for the 22 and 15 steel targets for the shooter's center-fire gun. There were no magazine limits for this match. With a total of 19 targets to engage there was some blazing shooting going on. The match was a real hoot. We have determined to do a steel match at least once a year on lieu of one of our standard pin matches.
